Extract from a Dispatch from [REDACTED] dated 20 September 1954

25X1A The following is an extract from a dispatch, dated 20 September 1954, from [REDACTED] DD/I Representative at [REDACTED]. It is forwarded to you for your information. 25X1C

25X1C "Chief, Liaison Division, OCD, recently forwarded comments from CIA on the [REDACTED]. It is apparent that ORR personnel are the greatest users of the report. In an effort to improve the service to ORR, [REDACTED] will forward a master or advance copy of its reports to [REDACTED] by air so that he can pass it (the advance copy) to the interested people. In addition, the interrogation reports will not be dated until they are ready to be dispatched [REDACTED]. At present they are given the date of the actual interrogation. If ORR wishes to have the source reinterrogated, it is hoped that a brief signal will be forwarded [REDACTED] so that the case can be suspended until the questions are received, presumably within the two months' time period proposed by [REDACTED].
